BIO-CIRCLE[®] Clean Box

The Clean Box is the ideal box for mobile cleaning, degreasing, derusting, soaking, pre-cleaning, and much more.

The Clean Box can be used flexibly as an immersion box, transport box or for draining. Ideal bio-chem products for the Clean Box are CB 100, GS 200 and BIO-RUST. The Clean Box is robust and has been designed for practical mobile use of water-based acidic and also alkaline bio-chem cleaners.

- ➔ Consists of the immersion box, the lid and the immersion basket, made of resistant synthetic material throughout
- ➔ Easy to handle, mobile, stackable
- ➔ Immersion box for draining, cleaning medium can be used for a long time
- ➔ The trolley ensures mobility

Clean Box – 180° turn for convenient draining and emptying.

Applicable in food industry

Please note:
Two-level trolley also available separately – see p. 59.
