

Hand Cleaning Creme

For a thorough yet smooth removal of strongest contaminations and dried greasy, oily residues from the hands. Gentle on the skin thanks to caring additives adjusted to the acid mantle of the skin. Can be used in dispensing systems.

- ➔ With micro-fine environmentally neutral abrasives
- ➔ Gently on the skin thanks to natural lipid, dermatologically tested
- ➔ Pleasant scent because of natural citrus oil
- ➔ Easy application thanks to the practical dispensing system
- ➔ Comes with a wall bracket – pressing the dosing pump once will put the required quantity directly into the palm of your hand

Fields of use • Heavily soiled hands in all trade- and industry sectors, workshops, and the home- and hobby sector

Dermatologically tested!
