

Limescale Barracuda

This powerful **cleaner with activated foam** acts strongly upon limescale, urine scale, rust, water stains, soap residues and metal tarnishing – light oils and fats are also removed.

- **Surface-conserving cleaning in bathrooms and wet rooms (also acts inside water closets and urinals)**
- **Well-adhering activated foam**
- **Eco-sensitive concept, the Surfactants are biodegradable in accordance with European Regulation**
- **Not subject to mandatory labelling in accordance with the European Directive**
- **Non-phosphatic and free from chelating agents, contains no AOX compounds and no hydrochloric acid**
- **Pleasant fresh smell**

Tip:
Removes white rust from zinc-plated surfaces!

Please note:
Not suitable for marble or limestone!

Fields of use • Universally applicable for the cleaning of acid-resistant surfaces in sanitary facilities, saunas and public swimming pools

- In the exterior on glass, stones, terracotta and stoneware
