

NEW

Stripper Blue

Highly efficient, mildly alkaline water-based coating remover. Excellent dissolving powers. Removes water-based paint and varnish, plastic residues, impregnation compounds, resins, waxes, and much more.

- ➔ **Good cleaning results even at ambient temperature, optimal when heated**
- ➔ **Aluminium normally remains unaffected**
- ➔ **Can be used in immersion baths, ultrasonic baths and in the HTW**

Fields of use • Universally applicable in the entire industry, the craft sector and authorities
